## Sherwood Forest National Nature Reserve

## Conservation Volunteers Information and registration leaflet

## Sherwood Forest National Nature Reserve

The home to the legend of Robin Hood is 450 acres of ancient Forest including woodland and lowland heath, forms part of Sherwood Forest National nature reserve designated in 2002 by Natural England. The site is also designated as a Site of Special Scientific Interest and a Special Area of Conservation due to the sites ecology and the veteran Oaks.

The woodlands, heathland and grassland provide essential habitat supplying food and shelter for a wide variety of animals including insects, birds, bats and other mammals.

The Site is managed and run by the Ranger and Warden team as part Nottinghamshire County Council, who are working towards the sites 10 year management plan to conserve, maintain and improve the biodiversity throughout the forest. As well as managing 350,000 visitors we have throughout the year.

We are always on the lookout for volunteers to come along and help with the management by carrying out an array of conservation and maintenance tasks to ensure that this beautiful forest and its biodiversity can be enjoyed for future generations.

So if you love the great outdoors  
Or have an interest in wildlife  
Fancy learning new skills  
Thinking about your future career  
Even if you just want to keep fit and meet new people

Then why not come along to and join our Conservation  
Volunteer team!

You'll get the chance to work with our knowledgeable  
and experienced rangers and wardens, in a variety of  
tasks such as tree felling, scrub clearance, footpath  
maintenance, bench installation to name but a few.

We provide the tools, safety equipment, training, not  
forgetting the tea and coffee!

You will need to bring willingness to get stuck in, suitable  
old clothing for working outdoors, suitable sturdy foot-  
wear and your lunch

Please note, we can only take volunteers that are over  
the age of 14( a responsible adult will also have to attend  
up to the age of 16)
